

LOGITECH AudioHub 2.1 15watts RMS

with integrated subwoofer, two satellite speakers, and USB hub (3 ports). P/N: 980-000103. Retail box.
For your notebook and your desktop (fits under your monitor with USB extension cable)

- ❖ Full-Sized Sound for Your Notebook: one-piece, premium 2.1 audio system delivers pure, USB digital sound from a custom-tuned, 3-chamber design with an integrated subwoofer.
- ❖ Quick & Easy Connection to Everything: an integrated USB hub allows you to connect or disconnect your speaker and accessories with a single cable. 100% plug-and-play, installed in seconds. No interference with your 3.5mm headset (you can continue to skype, etc).
- ❖ Space Saving Design: one-Piece design elegantly combines a premium speaker system, USB hub and cable control.
- ❖ Adjusts to Your Work Space: adjustable speaker fits different notebook sizes of LCD monitor. Webcam Stays Set Up and Ready. Removable stand conveniently holds your webcam in the optimum position.
